- [William H and Carrie Gottsche Foundation](#)
- [Wisconsin Adaptive Sports Association](#)

“The Combat Wounded Veteran Challenge (CWVC) is personally important to me, as an organization instilling confidence and pride in veterans, empowering them to reach their full potential,” said Michael McCauley, a Hanger Foundation General Board member and CWVC Senior Research Volunteer. “Additionally, they set themselves apart by integrating orthotic and prosthetic research into their expeditions. The generous grant from the Hanger Foundation provides crucial support, amplifying the transformative impact on not only these veterans but the entire O&P field. As I enter my 13th year with this incredible organization, I am still in awe of their mission and the camaraderie that I see flourishing among everyone that participates in these life-changing events.”

The mission of the Hanger Foundation is to empower people with physical challenges to live life as fully as possible. Since its first grant award to Angel City Games in May 2015, the Foundation has donated over \$4.7 million to 135 non-profit organizations. About the Hanger Foundation

The Hanger Foundation was founded in 2009 by Hanger Inc., a leading provider of orthotic and prosthetic patient care services and solutions. Hanger’s heritage of charitable giving began over 160 years ago. For many years, Hanger clinicians and employees consistently and generously donated millions of dollars in care and financial contributions to a variety of causes, including hardship cases in their own communities. In 2009, Hanger formalized and increased its philanthropic work by establishing a non-profit organization, the Hanger Foundation. For more information, visit: <http://www.hangerfoundation.org>.
